

## List of Figures

- 2.1 Changing Shares of Global GDP: A 2,000-Year Perspective 37
- 3.1 Foreign Direct Investment as a Share of GDP in China and India, 1980–2008 67
- 3.2 Evolution of Democratic versus Market Freedom, 1975–2010 72
- 4.1 GDP: Actual (1980–2009) and Projected (2010–2019)—Largest Economies in Purchasing Power Parity 77
- 4.2 GDP: Actual (1980–2009) and Projected (2010–2022)—Largest Economies in Nominal U.S. Dollars 78
- 4.3 Changing Dependency Ratio: China, India, and the Rest of the World, 1950–2050 84
- 4.4 Doctoral Degrees in the Natural Sciences and Engineering, Selected Countries, 1993–2007 98
- 4.5 Relative R&D Expenditure and Scientists and Engineers per Million Population (Expenditures in 2009 in Billions of PPP Dollars) 102
- 4.6 Researchers in R&D, Selected Countries, 1995–2007 (Thousand Full-Time Equivalents) 105
- 4.7 Scientific and Engineering Journal Articles, Selected Regions and Countries, 1988–2008 106
- 4.8 Trends in Patent Filings by Country, 1985–2007 107
- 5.1 Rising Shares of China and India in World’s Merchandise Exports, 1980–2008 114
- 5.2 Rising Share of China and India in Commercial Service Exports, 1980–2008 115

xii *List of Figures*

- 5.3 Share of Global High-Technology Exports by Region/  
Country, 1995–2008 120
- 5.4 Current Account Balances and Projection, 1980–2014 128
- 5.5 China and India: Percentage of World FDI Inflows, 1980–2008 136
- 5.6 China and India: Percentage of Global FDI Outflows, 1980–2008 139
- 6.1 Commodity Prices, 2000–2010 160
- 6.2 Ecological Footprint, Main Countries, 1961–2007 162
- 6.3 Total Energy Use per Unit of GDP, Various Countries, 1980–2006 167
- 6.4 Total Energy Use per Capita, Various Countries, 1980–2007 168
- 6.5 Time Series on CO<sub>2</sub> Emissions per Capita versus GDP/Capita,  
Major Energy Users, 1980–2007 170
- 6.6 Increasing Share of Developing Countries/Regions in  
World Population, 1950–2050 180
- 8.1 Current State of the International System and Three  
Alternative Scenarios 210
