

## APPENDIX A. SURVEY: KOREAN AND KOREAN-AMERICAN/CANADIAN STUDENTS

### Korean and Korean-American/Canadian Students in the US and Canada

#### 1. Introduction

#### KOREAN STUDIES PROGRAM THE WALTER H. SHORENSTEIN ASIA-PACIFIC RESEARCH CENTER

Dear Student,

We are surveying ethnic Korean students overseas. Past research shows that there are many Koreans and Korean-Americans or Korean-Canadians studying in the United States and Canada. However, we do not know such students' attitudes about Korea. We hope that this survey will fill this gap in our knowledge.

If you answer all questions and provide a valid university email address on the last page, you will be entered into a drawing for your choice of an Apple iPad 2 or Samsung Galaxy Tab.

Please note that you must follow all necessary directions while filling out the survey to be eligible.

You can also support an on-campus organization of your choice. By listing your organization on the last page of this survey, you can increase that organization's chances of receiving \$700, \$500 or \$300 worth of event funding from Shorenstein APARC.

Please do not submit multiple responses per person -- we will be monitoring IP addresses for abuse.

All individual responses will be kept confidential, and the raw data will not be shared with any third parties or governments. Our results will be published in aggregate form only.

Thank you for taking our survey. Please contact Eunjung (Jane) Choi at [eunjchoi@stanford.edu](mailto:eunjchoi@stanford.edu) with any questions or comments.
