

## Tables, Map, and Figures

### Tables

2.1	Size of the Armies of the East India Company Presidencies at the Close of Major Wars	49
3.1	The “Soviet Model” and Its Impact on Three Arab Armies	71
5.1	WP Ground Forces—East European and USSR, 1988–89: Category A Divisions	121
5.2	External Front of the Warsaw Pact Ground Combat Divisions	122
5.3	Tank Inventories of NSWP Ground Forces, 1988–89	123
5.4	Tank Requirements—Groups of Soviet Forces in East Europe, 1988–89	125
5.5	Internal Front of the Warsaw Pact National Paramilitary Forces	126
5.6	East German and West Germany Military Forces in 1988–89	126
5.7	Warsaw Pact Ratios of Distrust: Ratios of Career Cadre/Paramilitary/ “Militia Organizations” to Conscripts in Regular Armed Forces	127
6.1	Hypothesized Proliferation Determinants	148
6.2	Underlying Pressures and Constraints on Proliferation	152
6.3	Summary of Proliferation Determinants	163
8.1	Summary of Findings	241
10.1	Assumptions and Predictions about Diffusion	271
10.2	Carrier/Naval Aviation Design and Practice	275
10.3	Factors Affecting Capacity to Adopt	299
10.4	Motivation and Capacity to Adopt Carrier Air Power	302

11.1	Summary of Results of ANOVA Analyses on {NATO Modernizers} vs. {Non-NATO Modernizers}	325
11.2	Summary of Results of ANOVA Analyses on {NATO Nonmodernizers} vs. {Non-NATO Nonmodernizers}	325
11.3	Summary of Results of ANOVA Analyses on {Non-NATO Modernizers} vs. {All Nonmodernizers}	325
11A1	Modernizers	343
11A2	Nations with No Evidence of Modernization Intent on Record	344

### Map

11.1	Massive Natural Experiment—Global Modernization	310
------	---	-----

### Figures

6.1	Ladder of Nuclear Weapons Capability	170
6.2	Dual Dimensions of Proliferation for 2000	171
11.1	Defense's Command of National Resources: Defense Budget in \$U.S. Billions versus Defense Budget as Percentage of Government Expenditures	311
11.2	Dispersion of States by Modernization Score and by Region	318
11.3	Defense's Relative Claims on National Resources and Government Choices	320
11.4	Relative Levels of National Modernization	321
11.5	Relative Levels of National Technological Development	322
11.6	Diversity within NATO	324
11.7	Relative National Dependence on Industrial Strength	328
11.8	Relative National Dependence on the Service Sector	329
11.9	Relative Wealth	330
11.10	"Technology Pull" for States that Have Declared an Intent to Modernize Their Militaries	332
11.11	Distribution of Government Choices	336
11.12	Distribution of National Resources	337
11.13	Distribution of Relative National Modernization	338
11.14	Distribution of Technological Development	339
